## Waxing

This revolutionary new hot waxing system from Australia reduces the possibility of pain by literally shrink-wrapping itself around each hair, removing it from the very root. This helps to prevent hair breakage, in-grown hairs, bruising and redness. Amazingly, it even removes stubborn hairs as short as 1mm. Do not settle for anything less than the best for your waxing.

## The Haven on the Loch

My name is Debra Bell and I would like to welcome you to The Haven, a piece of heaven on the tranquil shores of Scotland's beautiful Loch Lomond.

My dream for The Haven began many years ago while living and working in the Far East. Here I was introduced to the wonder of the Natural Spa. In tropical settings I found sanctuaries full of wonderful aromas, sounds, sights and sensations - retreats where you would go to be pampered and pummelled, spaces where your senses are overwhelmed by the elements, where you could switch off and simply...be.

It was with these thoughts, feelings and memories in mind that, in 2002, The Haven on the Loch was born.

Since then we have grown in many different directions - constantly striving to ensure that every experience is all it can be. Since 2007 we have been finalists in a total of 12 different categories at the British Beauty and Spa Awards winning the UK Facialist of the Year accolade in 2007, 2008 and 2009.

We are also proud holders of the Salon of the Year (Scotland and NW England) title for 2009/2010.

So whether you would like help with specific skin or body care problems or are simply looking to relax and unwind, we can help.

Call us now and let us become your... **Haven on the Loch.**
